- The Westminster Rescue Mission is a faith-based, residential recovery center. Founded in 1968, this 501(c)3 non-profit outreach ministry is deeply committed to helping men overcome the chains of addiction in an environment that is Christ-centered, therapeutic and dedicated to their physical, emotional and spiritual well-being. WRM also compassionately serves the needs of those in our local community with food and clothing distributions.

Our Program elements

Our Christ-centered curriculum provides new hope for people seeking a new life. Our inhouse recovery program features:

From the time I arrived at the Westminster Rescue Mission my life began to change. I thank God for giving me another chance at life. This is where I received my awakening; I have now graduated the program.

– Tyrone

God restored my family and it happened when I came to the Westminster Rescue Mission for help. This is a place of healing and help, and with God's grace, I now know all things are possible!
