

WBAL TV 'Project CommUNITY' segment in partnership with Brian Safe Haven

September 8, 2023

[Youtube Video](#)

Introduction: At the Westminster Rescue Mission, we are always striving to make a positive impact on our community. Recently, we had the incredible opportunity to share our mission with a broader audience on **WBAL TV as part of the Project CommUNITY segment**. Our very own Cara Paige, Westminster Rescue Mission's Marketing & Communications Officer, represented WRm during the segment. This special feature was made possible by Lillian Hardie, the founder of **Brian Safe Haven**, one of our vital downstream food partners. The segment shed light on the exceptional work being done by organizations like ours to combat hunger in our community.

Behind-the-Scenes Moments: We also invite you to get a closer look at the day of filming by visiting our social media pages. We've shared some exclusive behind-the-scenes shots and insights into our mission. Check out our Facebook page [here](#) and our Instagram [here](#). We've also attached some of these captivating moments below for those without social media accounts.

QR Code for Carroll County Free Food Resources Guide: One of the highlights of our television feature was the inclusion of our QR code for the **Carroll County Free Food Resources Guide**. This valuable resource connects individuals and families in need with essential food resources in our community. It's a testament to our commitment to helping those facing food insecurity in Carroll County.
